

802.11g Wireless Presentation Gateway

PLANET WPG-120 is a portable wireless presentation gateway based on 802.11g technology. It is designed in light and handy size: 8 (L) x 3.5 (W) x 2(H) cm and the weight is 53g only. You can easily take the WPG-120 to anywhere you want for wireless presentation at anytime. The WPG-120 works in the Windows 2000, XP and Vista Operating System. It also enables four wireless users to easily display their presentations without swapping cables at the same time.

The output resolution of WPG-120 supports up to 1024x768 with 16-bit color which gives high quality display for presentation. To ensure the session security, every user is required to key in a valid password prior to project through the WPG-120 gateway. Also, the built-in wireless AP supports 64/128-bit WEP and WPA-PSK/WPA2-PSK encryption to secure its communication.

The WPG-120 is compatible with VGA-equipped devices so you can connect it to any projector, LCD TV or large screen display. The embedded windows-based utility enables users directly download the WPA2-120 utility from its webpage, driver CD or USB adapter that offers the most convenient way for new users accessing to presentation in seconds.

KEY FEATURES

- Web-Based GUI and Control Panel for easily configuration
- 4-to-1 Split Screen Projection
- High Performance Screen Projection
- Supports 64/128-bit WEP, WPA –TKIP(PSK), WPA2-AES(PSK)
- Auto Power Manager
- Supports Win-XP Virtual Desktop
- Projection Quality Option
- Make PnS Token
- Hide Utility Panel
- Wireless Profile Management

APPLICATIONS

Supports 4-to-1 Split application and Faster speed by the WLAN

Just plug the WPG-120 into the projector VGA connector and start using the PLANET convenient presentation application. The WPG-120 applies the latest generation screen projection technology. It provides the smoothest screen work by wireless projection. Moreover, the WPG-120 enables four wireless users to project their presentations in the main screen at the same time which brings higher efficient presentations.

SPECIFICATION

Product	802.11g Wireless Presentation Gateway
Model	WPG-120
Standard	IEEE 802.11b/g
Operating System	Windows 2000 / XP / Vista
RF Output Power (Max)	11b mode Tx power 17.5 dBm @11Mbps 11g mode Tx power 14.0 dBm @54Mbps
Antenna	1 x built-in 2dBi Dipole Antenna
Data Encryption	64 bit / 128 bit WEP, WPA-PSK, WPA2-PSK
Frequency	2.412GHz - 2.484GHz
Supported Output Resolution	SVGA (800x600)/ XGA (1024x768)
Data Rate	11Mbps Max @802.11b 54Mbps Max @802.11g
Receiver Sensitivity	11b CCK 11.0Mbps -80dbm 11g OFDM 54Mbps -65dbm
VGA Connector	D-Sub (15-pin)
LED Indicators	PWR
Max wireless user	Up to 32
